- *Committee Groups
- *Exercise Classes
- *Bible Studies

Market at the Mill is a venue comprised of several buildings surrounding a courtyard with open areas and patios. The layout of the buildings closely resembles the original layout and style of the historic Dansby Feed Mills business that has been a landmark in downtown Clifton since the early 1930's. The materials from the original structures were salvaged and reused in the new buildings to capture the nostalgia of the site, making Market at the Mill the perfect place to hold events such as a wedding, reception, special event, corporate party or reunion. In addition to the venue, The Mill has a retail space offering a fun and unique shopping experience.
